FRAGMENTARY DETAILS OF A FIELD PROBLEM CARRIED OUT IN JIHLAVA-HAVLICKUV  
BROD AREA, DURING FEBRUARY 1958

From 12 to 18 February 1958, the 221st AT Arty Regt participated in a field problem in which, [redacted] various Czechoslovak military units participated. No orientation was given to the troops prior to troop movement, and this six-day problem was simply referred to as an "exercise" [redacted]

25X1

25X1

The members of the 221st AT Arty Regt boarded a troop train in NOVE ZAMKY (N49-09, E17-05) (UTM BU-8919) at about 2000 hours on 12 February. The troop train consisted of about four coaches for personnel and 30 to 40 boxcars for the equipment. [redacted] about 20 guns, 40 30 Tatra-111 trucks, several GAZ jeeps and four vans mounted on a Tatra-111 chassis, and field kitchens were loaded on the boxcars. The troop train passed through BRATISLAVA, BRECLAV (N48-46, E16-53) (UTM XQ-3903) and MORAVSKY KRUMLOV (N49-03, E16-19) (UTM WQ-9634). The entire regiment, with equipment, detrained at MORAVSKY KRUMLOV and advanced through the wooded areas in the direction of JIHLAVA (N49-24, E15-35) (UTM WQ-4271). The war games were started in the area located between JIHLAVA and HAVLICKUV BROD (N49-37, E15-35) (UTM WQ-4295). While advancing, from MORAVSKY KRUMLOV toward JIHLAVA, [redacted] various other unidentified units on the move, including large numbers of trucks and some unidentified heavy tanks camouflaged (whitewashed) for winter warfare. The entire "exercise" took place during a period when a heavy snow covered the ground.

25X1

25X1

During the entire "exercise", [redacted] the regimental dispensary, which was set up in a Tatra-111 truck. The dispensary was located in the rear area with four other vehicles which housed the kitchen, ARMA (PX), supply and a truck used by the rear services officers as living quarters. The actual war games of the "exercise" lasted three days [redacted]

25X1

[redacted] several jet planes were flying over the area where the "exercise" took place.

25X1

Several members of the 221st AT Arty Regt contracted tonsillitis at the beginning of and during the "exercise", [redacted] some of them attended to at a military dispensary located in ZNOJMO (N48-51, E16-03) (UTM WQ-7612). Upon reaching ZNOJMO, [redacted] directions to the nearest military dispensary from one of the officers in the convoy [redacted] all units from ZNOJMO were on the move and were participating in the "exercise".

25X1

While entraining in NOVE ZAMKY, prior to the "exercise", another troop train (type troops it contained, unknown) passed through this station and the soldiers, upon inquiry, stated that they were from RIMAVSKA SOBOTA (N48-23, E20-02) (UTM coordinates not available) and were on their way to participate in the "exercise". Upon completion of the "exercise", the 221st AT Arty Regt boarded a troop train in PRIBISLAV (N49-35, E15-44) (UTM WQ-9252) and detrained in NOVE ZAMKY. One section of this troop train, approximately 10 boxcars, was occupied by unidentified troops from STUROVO (N47-48, E18-44) (UTM CT-2997).

[redacted] the "exercise" was poorly organized and a failure. The rear services officers, [redacted] apparently did not know what was going on and were under the influence of alcohol most of the time. There was no critique at the end of the "exercise", [redacted] about three generals were present at the exercises and were dissatisfied with its execution. [redacted]
